

BURY YOUR TREASURE

Treasure. Loot. Plunder. However you say it, a good pirate needs to know all about treasure! In Treasure Class at Pirate Academy, Captain Mayday Salt teaches how to find it, how to value it, and – most important – how to hide it.

Here's a challenge from Captain Salt to you. Draw a map of an island. Where will you moor your ship? Where will you hide your treasure? What obstacles will be in the way? How will you stop other pirates finding your loot? How will YOU remember where you hid it?
