

# DESIGN A NEW UNIFORM

The students at Pirate Academy are an active bunch! For most of the school day, they are exercising, sailing or honing their combat skills. They need a uniform that easily adapts from one activity to another – including going from land to water – and from wet to dry!

Their uniforms need belt loops and buckles to hang their weapons from and pockets to transport key equipment. As well as being highly functional, their uniform needs to be smart, streamlined and carry with it a touch of swashbuckle!

We think official Pirate Academy artist Teo Skaffa has done a brilliant job of creating the Barracudas' uniform. Is there anything you would add or do differently? Here's some space to work on your own Pirate Academy uniform design.
